

Persistent Organic Pollutants (POPs)

Hereby, Boréas Technologies is addressing the Persistent Organic Pollutants (POPs), organic substances that persist in the environment, accumulate in living organisms and pose a risk to our health and the environment.

To the best of our knowledge and based upon information received from our suppliers, our IC products do not contain any substances subject to the Regulation (EU) 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants (POPs Regulation).

Best Regards,
